Notice of Revision of Dividend Forecasts (Increased Dividend)

AIT CORPORATION (the “Company”) hereby announces that, pursuant to Article 370 of the Companies Act and Article 25 of the Company’s Articles of Incorporation (Omission of Resolution at the Board of Directors), it resolved, effective January 14, 2026, to revise the year-end dividend forecast for the fiscal year ending February 28, 2026, which was previously announced on April 14, 2025, as set forth below.

1. Revision of Year-End Dividend Forecast

	Dividends per share (yen)		
	Second quarter-end	Fiscal-year end	Total
Previous forecasts (Announced on April 14, 2025)		45.00yen	90.00yen
Revised forecasts		55.00yen	100.00yen
Actual results for the current fiscal year	45.00yen		
Actual results for the previous fiscal year (Fiscal Year Ended February 28, 2025)	40.00yen	40.00yen	80.00yen

2. Reason for the Revision

The AIT Group recognizes the return of profits to shareholders as an important management priority. It is our basic policy to provide dividends twice a year, at the interim and fiscal year-end, on a stable and consistent basis, while taking into comprehensive consideration consolidated results of operations for each fiscal period, dividend payout ratio, and the need to retain earnings for future business development in Japan and overseas as well as for strengthening our management foundation.

Under this policy, the Company has decided to revise the year-end dividend forecast to 55 yen per share, representing an increase of 10 yen from the previous forecast of 45 yen per share, taking into account the progress of consolidated operating results, consolidated financial position, and future business developments, in order to further enhance shareholder returns through dividends and meet shareholders’ expectations.
